Dear Partner,

ÖKOINDUSTRIA Green Expo will arrive in double this November and in April, next year.

Due to the pandemic situation, the date of the physical part of ÖKOINDUSTRIA Green Expo has been changed to the spring of 2021, but those interested in the green industry trends will not be left without news this year, as the organizers are preparing exciting presentations, roundtables and conferences.

INVITATION
ÖKOINDUSTRIA ONLINE INTRO
DATE: 4-6 NOVEMBER, 2020

Preparing for the Green Expo in 2021

During the program international and national best practices will be introduced by renowned guest speakers, we will talk about the practical steps of the circular economy, the new wastestreams, the future of plastic, cleaning, monitoring of our freshwaters, brownfield management and remediation exercises, moreover we will join the closing pitch session of the Plastic Surgery – Rethink plastic- accelerator program.

The programs will be available by online streaming, technical details will be sent out before the start date to the registered participants.

PROGRAM

4 November, 2020

- [Opening session, Keynote speech from Antonis Mavropoulos, roundtable discussion on circular economy and the future of plastic \(EN/HU\)](#)

5 November, 2020
